Speaker Author

Experienced speaker and author with desire to disseminate coveted information to assist adjudicators to prevent low settlement valuation, establish the presumptive "Great Weight" to eliminate varying medical opinions and to enhance settlement value. Desire to reveal the Medical, Legal, Administrative and Economic "Decision Points" and "Value Drivers" that determine settlement values and can prevent unfair settlements. His career advice has been published on NBC, CNN, Entrepreneur Magazine, and in many career publications. Spanning 40 years, he has consulted over 15 thousand doctors and lawyers on the subject of personal injury and remains a Keynote speaker today.
